**Re: Petition For Rulemaking In PRM02ET and Also In FCC
Docket 95-31 (Re Spectrum Allocation on the FM Band)**

Dear FCC Commissioners and Staff,

I am the attorney of record in an April 17, 2002 multi-party Petition For Rulemaking, filed by THE AMHERST ALLIANCE and others, which is currently listed in both the PRM02ET section of the FCC's Electronic Comments Filing System (ECFS) and in FCC Docket 95-31. The latter placement is, presumably, a response to the parties' request for consolidation of the Petition For Rulemaking with the Docket 95-31 proceedings.

The proposed rulemaking would initiate comprehensive spectrum re-allocation on the FM Band. The proposed changes would provide a phased, 10-year process of correcting the current over-representation of media megacorporations and National Public Radio.

I am also the attorney of record for various Written Comments filed in Docket 95-31.

Previously provided contact information now requires an update. Having completed recent coursework at the University of Denver School of Law, and needing to be closer (at least temporarily) to certain loved ones on the East Coast, I have returned from Colorado to my "home base" in Connecticut. My new contact information is as follows:
